

THE SILVER LEAGUE CONVENTION.

Silver Leagues throughout the State should make arrangements to send delegates to the State Convention, which it suggested should be held at Reno. Every member of a Silver Club will be entitled to a seat in the convention. Transportation companies, doubtless will give persons attending the convention half rates as they did the Republicans and Democrats. The time of action has arrived. It is evident that Wall Street will make no concessions until it is forced to do so, therefore all true friends of silver should unite and compel the gold men to deal fairly with the principal industry of the State.

The only difference which Wall Street permits on the financial question in the Harrison and Cleveland platforms is for one to approve and the other to demand the use of gold and silver as money. Such twaddling on what Republicans and Democrats in their State platforms say is the par-amount issue of the campaign, is intended only for deceptive purposes, and neither organ grinders nor spoliemen can convince the people that it has any more significance now than it did four years ago. The League at its meeting Monday night will take action in this convention and, if deemed advisable, invite all the Clubs in the State to send representative men to attend it.—Journal.

The miners want the silver Convention held at Virginia City. As it is the largest town in the State and built over the biggest silver lode in the world it seems appropriate to hold it there.

The Rain.

The rain storm which reached the city on Sunday afternoon was the longest and most beneficial storm that has passed over Nevada in the Summer. It was a regular soaking down-pour, raining hard all night and part of yesterday.

The grain and alfalfa was sadly in need of water and the wetting down that the crop got means a great deal to the farming industry.

The treatment which Levy P. Morton received from the hands of his party was very shabby. He was placed on the ticket four years ago because of his great wealth. It is customary when a President is nominated to also pay the same honor to the vice-President but in this instance he was shoved aside and another man from his own State substituted. But he brought it on himself by coming to Washington after his election and starting a lodging house, where he rented rooms to Senators and members of Congress, but the thrifty old fellow has now been turned down forever.

The whole jury list of 200 names in Elko county was declared illegal and thrown by Judge Talbot one day last week, upon motion of Attorney Farrington, who showed to the Court that the Commissioners in drawing the jury list accepted the advice of persons not members of the Board. The Court held that the duties the law requires of the Board must be performed by themselves, and that suggestions of names by persons not members of the Board cannot be allowed.

California has been noted for its Blaine enthusiasm and its great Republican club, the "Dirigo," worships at the shrines of the pampas plumed knight. This year the delegation is Harrison S. Blaine 9, and two on the fence. It must not be forgotten that there are over 6,000 Federal positions in California, and Senator Felton controls them.

We trust that our illustrated contemporaries will shelve, at least during the campaign, the use of the "Wooden horse at the Siege of Troy." It was quite an idea as a cartoon when the London Punch was first started, but it's rather antiquated now. The progressive American demands something further of the cartoonist now.

C. C. Downing is an avowed candidate for Congress.

Benton's Liniment.
Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.
